

Weerahinge Nirosha Madhumali

Full Stack Developer - Intern

✉ niroshamadumali37@gmail.com ☎ 0760232418 📅 2002.11.11 🌐 LinkedIn 🔗 My portfolio
🐙 GitHub 📝 Medium

SUMMARY

Computing undergraduate with a strong interest in full-stack development and building scalable, user-focused web applications. Skilled in modern web technologies, database management, REST APIs, and responsive UI development, with hands-on experience developing full-stack projects. Seeking a Full Stack Developer Internship to strengthen my technical skills and contribute to real-world software projects.

EDUCATION

BSc (Hons) in Computing & Information Systems

2024 – Present

Sabaragamuwa University of Sri Lanka

G.C.E. Advanced Level-Physical Science Stream

2019 – 2022

R/Emb/ President's College

SKILLS

Programming Languages

JavaScript, Python, Java, C

Web Development

HTML5, CSS3, React.js, Node.js, Express.js

Mobile Development

React Native, Expo

Databases

MongoDB, MySQL

UI/UX & Design

Figma, Canva, UI/UX Design

Tools & Technologies:

Git, GitHub, VS Code, Android Studio, IntelliJ IDEA

PROJECTS

CraftConnect (Individual) 🔗

Digital Marketplace for Traditional Sri Lankan Crafts

- **Description**-Developed a full-stack digital marketplace connecting Sri Lankan artisans with customers, featuring secure authentication, role-based access, product management, direct communication, media uploads, and responsive UI while promoting cultural heritage and fair trade.
- **Technologies**-Next.js 16, React, TypeScript, Tailwind CSS, Framer Motion, Node.js, Express.js, SQLite, NextAuth.js, JWT, bcryptjs, Axios, Multer, RBAC.

MindCare.lk (Capstone Project) 🔗

Digital Mental Health & Counseling Platform

- **Description** – Developed a mobile-based mental health platform connecting users with professional counselors, featuring appointment scheduling, educational resources, AI-powered support, and real-time audio/video counseling with secure authentication and cloud-based data management.
- **Technologies** – React Native, JavaScript, Firebase Authentication, Firebase Firestore, Firebase Storage, WebRTC, Gemini API, Git, GitHub, Figma.
- **My Contribution** – UI/UX & Frontend Development / WebRTC Integration, testing, and collaborative development.

MediInfo.lk (Group Project) 🔗

Trilingual Medicine & Medical Information Web Platform

- **Description** – Developed a multilingual healthcare platform providing doctor-reviewed medicine information, safety precautions, drug interactions, dosage guidance, and health resources in English, Sinhala, and Tamil, with role-based authentication and an admin management portal.
- **Technologies** – Next.js 16 (App Router), React 19, TypeScript, Tailwind CSS, next-intl (i18n Localization), TipTap Editor, Lucide React, Google Fonts (Noto Sans Sinhala, Plus Jakarta Sans), Git, GitHub, Figma.
- **My Contribution**-Prescription Upload Modal & Prescription-to-Medicine Search Redirection, Sinhala (si.json) i18n Localization Integration, and Responsive Navbar with Authentication State & Profile Management.

SmartToDo (Individual Project)

Full-Stack Task Management & Productivity Platform

- **Description** – Developed a full-stack task management web application designed for efficient daily productivity tracking. Implemented secure client-side authentication and routing, dynamic state management, and real-time RESTful CRUD operations (creating, fetching, toggling completion status, and deleting tasks). Built a modular Node.js/Express backend connected to a MongoDB database for reliable data persistence and seamless API integration.
- **Technologies** – React.js, JavaScript (ES6+), React Router DOM, Node.js, Express.js, MongoDB, Mongoose, REST API, HTML5, CSS3, Git, GitHub.

Happy Coffee (Individual)

Interactive Coffee Shop & Café Web Application

- **Description** - Designed and developed an interactive, responsive front-end web platform for a modern coffee shop and café. The application showcases menus, featured beverages, and baked goods, highlights brand identity/story, and provides an integrated client-side feedback and review management system utilizing browser local storage.
- **Technologies** – HTML5, CSS3 (Custom Styling & Responsive Grid/Flexbox Layouts), JavaScript (ES6+), Web LocalStorage API, Font Awesome Icons, Git, GitHub, VS Code.

LEADERSHIP & PROJECT MANAGEMENT EXPERIENCE

Vice Secretary

Buddhist Association, Sabaragamuwa University of Sri Lanka

- Coordinate organizational activities, documentation, and team communication.
- Support planning and execution of events and initiatives.

Project Chair

NotebookLM Awareness Session | Rotaract Club of SUSL

- Led the team in planning and executing the project from concept to completion.
- Coordinated team tasks, timelines, and project deliverables.

Content Writing Team Lead

Buddhist Association, Sabaragamuwa University of Sri Lanka

- Led the content writing team and coordinated content planning and development.
- Ensured timely delivery and quality of published content.
